

## AQUATEC 900 THE ECONOMIC ONE

- ... Quick-action screw fitting – assembly as quick as lightning
- ... Improved shape and new location for the red clips – easier access, better grip
- ... Seat can be folded back in all height positions – easy to clean
- ... Always individually adjustable:
  - three separate seat heights
  - three different angles, sloping forward
- ... Ergonomically designed armrests that can be folded up, easy to assemble and dismantle
- ... Toilet lid opens automatically if armrest is raised
- ... Available with or without armrests
- ... Handy box with practical handle

**AQUATEC 900** with optimized clips and new quick-action screw fitting
