

A versatile high capacity hoist that easily folds for storage and transportation

Folding Strong Transportable

- Easily folds without tools for storage and transportation
- High 160kg lifting capacity and lifting range
- Stands on end for storage when folded
- Designed to be transported along rear wheels when not in use
- Removable battery pack with on/off hoist charging option

Unlike other folding hoists, the Junior has a high lifting capacity and range, but folds in one simple movement without having to reposition the actuator

The Junior has a unique battery control that allows easy removal of the battery pack and has an option of on/off charging

Lifting Capacity	160kg / 25 stone / 350lbs
Leg Opening	Manual
Removable Battery	Yes with on/off charge option
Overall Width	69cm
Options	Wall Mounted Battery Charger Additional Batteries Full range of Slings
